

PhD-MD Program

1 . About PhD-MD Program:

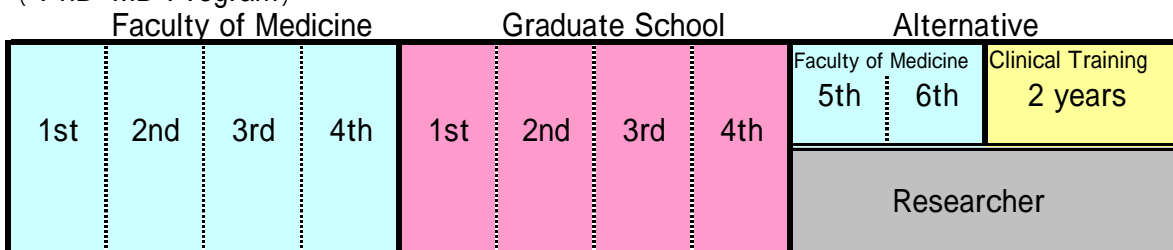

Upon finishing the first four years of the curriculum in the faculty of medicine, students may choose to enter SUMS Graduate School to acquire a Ph-D, and then either continue to work as medical researchers, or reenroll in the faculty of medicine as 5th year medical students to become clinical doctors.

2 . Differences between current programs and the new PhD-MD Program

(Current Programs)

(PhD-MD Program)

(In the PhD-MD program, students are encouraged to complete doctorates in 3 years.)
